

## Installation of Mobile phone adapter

- Mobile phone adapter
- This adapter can stick on the back of your mobile phone protection case with 3M adhesive tape. You can attach MS3391BT barcode scanner on the adapter.
- So, you can handle with barcode scanner with mobile phone with one hand.
- Please fix Mobile phone adapter in the clip on the back of the scanner. The steps is shown in the following figure.

## Install Scanner to the adapter

## Dismantle Scanner from adapter

Due to the internal cloud scanner comes with mass storage, can store up to 18,000 16 bits of data messages. Cloud scanner can scan a barcode on its own and stored in the built-in mass memory.

And you can use offline upload functionality, barcode data storage via Bluetooth or USB upload to your smart phone or computer.

Concrete implementation steps

This note an offline scan stored procedure, for example, details the specific steps for implementation of offline scan feature.

(1) Scan offline scan status open barcode as shown in Figure 1 to enter the offline scanning. The data you scanned will be stored in the scanning device.

## Start Offline State

- (2) The customer can connect to the computer through USB or Bluetooth interface or data terminal to upload the data.
- If customers need to save the data stored in the file, open Notepad or similar software to enter the data.
- If the customer wants to store data in a custom application, (such as submitted the barcode data into a application), refer the customer to the insertion point where you want to enter the data in the dialog box. Then barcode data entry and online scanning are in the same way.
- Customers can choose different speed to upload the data according to your application. There are three different speeds for you: fast speed, middle speed and slow-speed upload.
- Fast Upload means upload data without time interval.
  - Middle speed is to upload data the interval of 1 second.
  - Slow upload refers to each interval of 3 seconds to upload the data.

## Fast Upload

## Offline Scan

## Handheld installation

MS3391BT and MS3392BT can be installed on the Handheld. Installation method is shown in the following figure:

## Slow Speed Upload

## Middle Speed Upload

- (3) The customer can also scan the "statistics storage number" barcode to view the storage section, to check the upload data entry correct or not.

## Statistics storage number of stores

- (4) After the upload data, related applications will store the uploaded data. Data is stored in the scanner needs clear, please scan the barcode in Figure 6 to clear the data.

## Clear the storage

- (5) After the above steps, scan "Offline scan status off" bar, ending the offline scanning stored procedure.

## Stop Offline State
